[#EbolaRDC](#) | Situation Report as of May 29, 2026

The response to Ebola continues in the provinces of Ituri, North Kivu, and South Kivu, with strengthened surveillance, case management, and testing capacities.

Epidemiological Situation as of May 29, 2026

- 263 cumulative confirmed cases
- 42 deaths among confirmed cases
- 2 people recovered
- 60 new suspected cases recorded
- 54 new confirmed cases during the day
- 3,200 contacts identified, including 967 followed up (30.22%)

Distribution of Confirmed Cases

- Ituri: 245 cases
- North Kivu: 15 cases
- South Kivu: 3 cases

Case Management

- 95 patients currently in isolation in various treatment facilities.
- 6 deaths reported in treatment facilities during the day.

Laboratory

- 70 samples received and analyzed on May 29.
- 54 positive results.
- Daily positivity rate: 77.1%.

Strengthening the Response

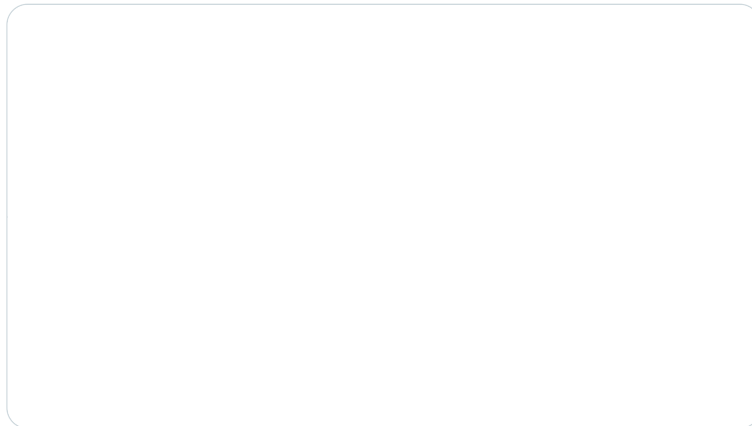

- More than 18,000 travelers screened at entry and control points.
- Gradual arrival of logistical resources to bolster field operations.
- Intensification of surveillance, awareness-raising, and contact-tracing activities.

In case of symptoms or suspicion, call the toll-free number 151.
